# BUGATTI CHIRON

Buyer interest and proposed commercial terms

We are inviting serious buyer interest in a Bugatti Chiron being sourced through Dr Maurizio Lanzotti, former CFO of Bugatti, and his associates.

| | |
|---|---|
| Proposed vehicle price | EUR 4,500,000 |
| Additional commission - 12% | EUR 540,000 |
| **Total before applicable taxes and costs** | **EUR 5,040,000** |

The 12% is payable by the purchaser in addition to the vehicle price. It is the total commission pool for all participating intermediaries, allocated under the signed commission agreement, and is not deducted from the seller's proceeds. Applicable VAT, taxes, duties, banking charges and other costs are separate.

**To express interest**
Interested buyers or their authorised representatives should send Mr Faiyaz Qazi a signed Letter of Interest confirming the vehicle, purchaser or representative details, and acceptance of the proposed price and additional 12% commission.

Upon receipt, I will coordinate with Dr Lanzotti and his associates to provide the relevant confidentiality, non-circumvention and commission documentation for formal engagement. The purchaser's payment undertaking and closing arrangements will be documented before completion.
